

Packing Tips

Below are some tips to help make your move go as smooth as possible:

- Disassemble any items you can.
- Ensure items with sharp corners or projections are prevented from puncturing or scratching.
- Reinforce the bottom of all boxes with tape.
- Pack one room at a time and label each box with room and contents.
- Mark boxes containing fragile items clearly as "Handle with Care", "Glass" or "Fragile". Load these boxes on top of all other freight and secure in place.
- Fill any unused space in boxes with paper or other filler to prevent shifting during transit. Dispose of items you do not need or want. Garage sales, consignment shops or charitable organizations are a great way to avoid moving unwanted items.
- Move your valuables, houseplants, necessities, and specialty items with you.
